INDUSTRIAL WORLD.

Contemplated Improvements the LaBelle Iron Works.

THE TIN PLATE AND SKELP MILLS

Were Bientioned at the Stockholders' Meeting, But Nothing Has Been Decided Upon, in Pact the Board of Directors Has Not Met-The Big Order Received by the Benwood Mill-Other News of Wheeling In-

It was rumored yesterday that the LaBelle iron works management had decided among other improvements to enter the tin plate field and that work on the additions to the plant would be commenced right away. An INTELLI-GENCER man saw President C. A. Robinson, of the LaBelle, last evening and he expressed surprise that a rumor of that character should gain circulation, asserting that there is entirely no foundation for it, no more foundation in fact than there was for the publica-tion in Saturday's Register to the effect that the LaBelle people had decided to at once erect a new skelp mill. The at once erect a new skelp mill. The project, both of a new skelp mill and a tin plate mill, at the Labelle plant on the South Side, were considered at the recent meeting of the stockholders of the company, but it was not decided to adont either suggestion. In fact the matter of improvements is left in the hands of the board of directors, and they have not yet mil.

hands of the board of directors, and they have not yet met.

Regarding improvements in manu-factories at this time Mr. Robinson said he considered it foolish to undertake anything on that line until time will disclose the exact effect on American industries of the tariff legislation re-cently enacted by the Democratic Con-

Concluding, Mr. Robinson said that Concluding, Mr. Robinson said that stories of proposed improvements at his place are entirely unauthorized and are on a plane with the following item from Friday's Register, which is intensely amusing to persons who know something about the iron business:

Rolls were changed yearchys at the skelp mill of the lower Benwood plant. The mill will go on on an ener this morning of 400,00 tons for the east. The works are having a great run.

for the east. The works are having a great run.

A liberal estimate of the daily possible output of the Benwood mill is one hundred tens. It is easily seen then that the mill referred to has a sure thing for steady work for the ensuing seventeen years—if the above item were true. Yes, the Benwood mill is "having a great run." ing a great run.

ACCESS TO THE Æ CNA-STANDARD Finally Secured by the Wheeling & Lake
Eric Railrond.

The much discussed ordinance grant-

ing the Wheeling & Lake Eric railroad right of way through Martin's Ferry was passed on Saturday night. The right of way is down the river front from the

passed on Saturday night. The right of way is down the river front from the Laughlin nail works to the Ætna-Standard mills, being on the outside of the river bank most of the distance, north of Buckoye street, where the road is to cross the Cleveland, Lorain & Wheeling railroad and run down along the Ohio Valley pike.

The ordinance passed is very different from the one first submitted, the company agreeing to do almost everything asked by the city council, and in this way was quite liberal and showed a disposition to be fair. The company agrees to leave all the streets crossed in as good condition as they are found, make overhead crossings on the streets having wharfs, placing the Locust street abutments on either side of the street, grade and make a first class city wharf, as wide as desired, on Walnut or any other street named by the city, this to be completed within six months after the completion of the railroad, and the company agrees to allow all railroads entering Martin's Ferry to use the track on paying a fair price, providing the said railroad allows the Wheeling & Lake Erie to use their tracks on the same terms, the Wheeling & Lake Erie to begin work on the line as quickly as possible. to begin work on the line as quickly a possible.

Mesers, Cole and Duncan represented

Mesers, Cole and Duncan represented the company and speeches were made by these gentlemen and J. C. Gray, H. W. Smith, L. S. Spence, William Liphardt, A. Lash and the concilmen. A large number of prominent citizens were present and all appeared to be indayor of allowing the railroad to run down the river front, providing it would do what was fair and just. L. Spence offers to give 500 feet of ground below Walnut street for a wharf, receiving 40 feet along it on First street.

NEW SCALE ARRANGED

For Acceptance by the Schenk Packing

House and Employes. Yesterday afternoon at Trades Ason Market street, a moot ing of members of the butchers' union and of the arbitration committee of the trades assembly was held for the purpose of settling the differences that exist pose of settling the differences that exist between the butchers employed at the Schenk packing house at Fulton and that firm. A new scale was prepared to take the place of the one which will expire October 1, and this will be presented both to the Schenks and to the union for adoption this week.

A week ago the butchers' organization was on the eve of declaring a strike at the packing house on account of sev-

tion was on the eve of declaring a strike at the packing house on account of several grievanaes, but this was prevented in the trades assembly. One grievance was that the drivers in the employ of the company had lapsed in their membership in the butchers' union. Since then this difference has been settled by the drivers re-entering the union. It does not seem likely that there will be any trouble now.

Will use Gas Fuel Hereafter

Will use Gas Fuel Hereafter.

The Wheeling steel plant at Benwood is expected to start up again on
Wednesday, after which natural gas will
be used for fuel in all departments, the
supply being drawn from the new pipe
line just completed. Gas was turned
into the mains as far as the regulator
valve on Boggs run last week, and a tromendous presenraturned in to blow the
dirt out of the pipes. The work of
changing the furnaces so as to use gas
is expected to be completed by Tuesday
and a test made then. The new pipe
line will be a great advantage to the
Benwood factories. It draws its supply
of gas from a number of independent
wells, which are said to furnish an entirely adequate supply of gas.

Their Figures far Apart.

Their Pigures far Apart. Their Figures far Apart.

As an outcome of several meetings of local stockholders of the United States Glass Company, with a view if possible to enving the Wheeling at least part of her flint class industry, expresident N. B. Scott, of the former Central factory, and Mr. Joseph Speidel had a conference with President Baggaley, of the U. S. company. They offered to huy the Central (Factory O) or \$75,000. Mr. Baggaley entertained

a proposition to sell only one factory after some discussion, and then valued it at \$150,000. He said he would lay the proposal before the board of directors. It was thought desirable to take whatever action might be possible he-fore all the molds and other appurtenances of the aid Central factory were removed from the building. The matter is still under consideration, with no very favorable outlook.

Will Increase the Product of Skelp

Will Increase the Product of Skelp.

The management of the Wheeling Steel and Iron company has decided to extend immediately its production of of skelp iron. The force department of the Belmont mill will be fitted up to produce an additional amount of skelp of a nerrower gauge than the company can now produce with the rolls it has at Benwood. With the exception of the Top mill furnace the whole capacity of this company in now on.

Industrial Bravities

Mills Nos. 10 and 11 at the Ætna-standard mill will be off the first part of the week on account of the boilers. The sale of the Tiltonville pottery has been postponed, and Manager Rowe been postponed, and Manager Rowe says they expect to be running inside of two weeks.

A NOTED DIVINE,

Rev. Dr. Moorehead, of Xenia, Preached in Wheeling Yesterday.

Yesterday morning and evening at the United Presbyterian church Rev. Dr. W. G. Moorehead, of the theological seminary at Xonia, Ohio, preached to large and attentive congrepreactied to large and attentive congregations. The doctor is one of the leading nulpit orators of the United Prosbyterian church, and during the summer months is usually engaged in the Moody Institute at Chicago. He has lectured a number of times before the assemblies at Anbury Park. His high spiritual thought, elegance of expression and earnest, enturing the control of the congregations. He has written several books on Bible study and is accounted one of the loading Bible students of America.

His text last evening was, "Thy, Wordhas been magnified," and around it he talked earnestly of the necessity of not relegating the Bible to the rear in the households of to-lay, when so much cles in literature is claiming attention and study. The Bible should be read with the conviction that it is the Word of God, that it is infallible. If we but trust it the Bible will confirm itself in our minds. gations. The doctor is one of the lead-

THE MINERS' OUTING.

Unfortunate Misunderstandings Interfere

Saturday was the day set apart by the Miners' Union for its picnie and outing at Mozart park. Hon. John Me-Bride, the head of the order, was to be the chief attraction. He was expected to arrive on the Cleveland & Pittsburgh to arrive on the Cleveland & Pittsburgh railroad, but came on the Cleveland, Lorain & Wasseling instead. He was accompanied by his two sons, and was at Mozart park a considerable time, while the committee was waiting for him at Bridgeport. When his presence was at length discovered, he had time to make but a brief speech, and this was of a conciliatory character, deprecating strikes and condemning violence. He had to leave early to meet an engagement in Ohio.

gagement in Ohio.

When the last people left the park Saturday night they were assured that an extra electric car would be run untown, but instead the last car left earlier than usual, and as a result about 300 people had to walk home, which did not add a great deal to the enjoyment of the exercise.

Downing's "Virginius" To-night.
Robert Downing, America's foremost tragic actor, who will be seen at the Opera House this evening, has been before the public in the legitimate drama for many years, and his qualifications have been constantly enhanced and improved, until he is now found at the head of artists in this country in the interpretation of heroic classical roles. It has been Mr. Downing's ambition to continually perfect and add to the best things in contemporary stage plays. While retaining the best of the horoic drama of the classical kind in his repertory, he has not neglected to encourage the native playwrights, those who had something sorious and of high purpose to offer. This season he will give a grand production of "Virginius," a play with which Mr. Downing's art is most associated in the mind of the average play-goer. He is assisted by a splendid company, including beautiful and talented Eugenie Blair. Downing's "Virginius" To-night.

Benounce the A. P. A.

Boston, Sept. 16.-The Central Labor Union, of this city, at a meeting this afternoon, denounced the A. P. A. as an organization unworthy of the endorse-ment of organized labor and claimed that its aim was to start a religious war among organized labor in order that they might become an easy prey to the capitulists. With this end in view it was voted to withdraw its delegates from the Union of Practical Progress on second of some of the leading efficers. account of some of the leading officers being affiliated with the organization.

Death in the Water.

WILKESDARRE, PA., 16 .- A score of the members of Company H, Ninth regiment, of the National Guard of Pennment, of the National Guard of Penn-sylvania, who attended the encampment at Gettysburg, are down with typhoid fever in its worst form. Private Nelson Tearbon deed last night and Private Siles and Harbey are not expected to live until morning. The men are sup-posed to have drank polluted water at Gettysburg.

Wellman Returning.
LONDON, Sept. 16.-Mr. Walter Wellman, the leader of the American Arctic expedition, whose plans to explore the oxpedition, whose mans to explore the far north were frustrated by the sinking of his vessel, the Ragnonal Jarl, which was crushed by the ice, will sail from Southampton for New York Wodnesday next by the steamer Spree. He will be accompanied by the American members of his party.

Emperor Joseph's Reception BUDAPEST, Sept. 16.-Emperor Francis Joseph to-day gave a formal recep-tion at Buda Castle, to the members of the delegations. His majesty made a short speech in which he dwelt upon the peaceful sspeet of Europe and the friendly relations existing between the

MR. JULIUS POLLOCK

Nominated by the Democrats of the First District

FOR STATE SENATOR ON SATURDAY.

Hon, Alfred Caldwell Having Declined with Thanks-ile and Mr. Simpson the only Gentlemen Named to the Conferens-Ohlo County Allowed to Have it all her own Way.

Saturday the Democratic conferees of of the First senatorial district came together for the second time to choose a nominee for state senator, vice Hon-Alfred Caldwell, who was nominated at their first meeting, but declined to make the run. The meeting was called to order by Mr. Robert Simpson, who said he had given his proxy as a conferee to another gentleman. After some discussion it was decided to accept this, and Mr. W. T. English took his seat by virtue of Mr. Simpson's proxy.

Ex-Mayor Scabright was selected as

Ex-Mayor Seabright was selected as chairman, and John Farrell as secretary. The Ohio county conferces evidently having everything their own way, held a cancus to decide on a candidate. Messrs. Jalius Pollock and Robert Simpson were named, the former by Mr. Fee and the latter by his proxy, Mr. English. Mr. Pollock was chosen.

The conferces then reassembled in open convention and Mr. Pollock was quickly nominated.

Mr. Pollock appeared and said he had already sgreed to secent if nominated. His promised to do all he could for the success of the ticket. Mr. Hammond, of Brooke county, the only conference present from outside of Ohio county, then pledged the carnest support of the Democracy of his county. The convention then selected a sometorial committee composed of Messrs. W. H. Fee, Ohio county; Buchannon, Brooke, and Frank Stewart, Hancock.

OBJECTED TO NEGROES.

Discourteens Treatment of Mr. Dayton in Mr. Wilson's Home County. Special Correspondence of the Intelligencer. HARPER'S FERRY, W. VA., Sept. 15.—

An incident occurred here Thursday which showed the intelerant spirit which exists among William L. Wilson's friends in Jefferson county toward Republicans, and their hatred of colored people, besides exhibiting a lack of courtesy towards Hon. A. G. Dayton, Mr. Wilson's Republican opponent for Congress. Mr. Dayton and friend, Mr. Canningham, stopped over here on their way home from the supremescart of appeals, which had been in session in Charles Town, and before which they had legal business. Knowing that he would be in Harper's Forry for soversi hours Mr. Dayton requested a few Republicans that they meet him at the Couner hotel for a consultation regarding matters in connection with the congressional campaign. Republicans, and their hatred of col-

Couner hotel for a consultation regarding matters in cosmection with the congressional campaign.

When Mr. Dayton arrived at the hotel a number of Republicans joined him on the perch, according to the appointment. Among them were Paniel Amos, W. L. Black, Joseph Barry, H. V. Daniels, Dr. J. T. Hartgrove, Prof. Hamilton Haller (colored), of Storer College, and Editor J. R. Chifford, (also colored), of the Pioneer Press. Mr. Dayton, desiring to consult the gentlemen in a less public place than the veranda of the hotel, asked the proprietor if he would object to their use of the parlor for a few minutes. The hotel man's reply was: "The rules of this house do not permit a colored man to enter our parlor, and, furthermore, we do not allow negroes to sit on this porch,"—referring to the college professor and editor, two of the most intelligent and respectable colored citizens of West Virginia. Messrs. Dayton and Cunningham immediately paid their bills and adjourned their consultation to the private room of a neighboring store, the proprietor of which greeted them cordially and received their thanks for his courteous treatment.
